

## **PRESS RELEASE**

### **Satori Labs To Team With IMPAC At ASCO Conference**

*Forms Automation Leader to Demonstrate  
Joint Oncology/EMR Application at IMPAC Booth, June 1-5, 2007*

Scotts Valley, CA – June 1, 2007 - Satori Labs, a leading provider of digital pen and paper solutions for healthcare forms automation, announced today that the company will be demonstrating their FusionForm™ solution for healthcare forms automation with their partner, IMPAC Medical Systems, at the 43<sup>rd</sup> ASCO Annual Meeting , June 1 – 5, 2007 at McCormack Place in Chicago, Illinois.

The American Society of Clinical Oncology (ASCO) is a non-profit organization, founded in 1964, with overarching goals of improving cancer care and prevention and ensuring that all patients with cancer receive care of the highest quality. Nearly 25,000 oncology practitioners belong to ASCO, representing all oncology disciplines (medical, radiologic, and surgical oncology) and subspecialties. Members include physicians and health-care professionals participating in approved oncology training programs, oncology nurses, and other practitioners with a predominant interest in oncology. The Annual ASCO Meeting is a gathering of the nation's leading medical oncologists interested in the latest oncology research and information technology available to serve the oncology community.

IMPAC Medical Systems, Inc. (IMPAC), an Elekta company, is the world's leading provider of information technology (IT) solutions for oncology care. MOSAIQ™ is IMPAC's new image-enabled oncology EMR with fully integrated business features such as scheduling, billing, and management reporting and analysis. Satori Labs is partnering with IMPAC to deliver its FusionForm solution with MOSAIQ in order to offer a unique, new data capture technology for IMPAC's growing community of MOSAIQ users.

“We are delighted to be working with our partner, IMPAC Medical Systems at the ASCO Conference,” said Roy W. Feague, CEO of Satori Labs. “The annual ASCO Conference is a perfect venue to reach the medical oncology community and demonstrate our FusionForm solution integrated with IMPAC's new MOSAIQ™ electronic medical record system for medical oncology.

Satori Labs FusionForm products incorporate Anoto™ digital pen and paper technology and wireless technologies and Satori Labs proprietary forms automation software to provide the healthcare industry the easiest and fastest way to get handwritten information, including drawings, into digital form.

Businesses worldwide are struggling to find ways to reduce the cost of data collection and processing. Using Satori Labs' FusionForm technology, handwritten information can be recognized, verified, and integrated instantly into digital customer records of all kinds. Customers benefit through reduced costs, reduced data collection errors, increased productivity and accelerated sales revenue.

*About Satori Labs:*

Founded in 2003, Satori Labs, Inc. is a leader in forms automation solutions for healthcare. Satori Labs fuses digital pen and paper and wireless technologies with Satori Labs' high-performance forms automation software to create the next generation of connected information management products for the healthcare professional.
